No. 185

TELEGRAPHIC.

BRESAYLOR WILD MAN

The Whole Community Is Excited

(Special to the Bulletin.)
Bresaylor, N.W.T. Aug. 8.—As Alex. Ballendine, a young farmer of this place, was out hunting horses about a week ago near his farm, he came unexpectedly upon a man, half-clad, without shoes and armed with a knife who, as soon as he saw Ballendine, ran into the bushes. Ballendine, who is a brave young fellow, followed, but could not find him. After this Ballendine's house has been visited nightly by an unknown man who, when asked what he wanted, would not reply and on being approached would run away. Last night Ballendine went out to put up the bars, not noticing the unknown, who stood close by and who immediately fired upon him, the bullet passing through his shirt and grazing the arm. The whole settlement is greatly excited over it.

French Premier Shot

Theremin Combes, of France, was shot in Marseilles by an Italian.

NEW POPE CROWNED.

Pope Pius X was crowned at Rome. RESULTS OF OPPRESSION. Desperate riots in Russia have occurred.

DEATHS BY DROWNING.

Several deaths by drowning have occurred in Ontario recently.

SWINDLERS UP FOR TRIAL.

The trial of the Humberts, the French swindlers, has begun in Paris.

ARGONAUTS VICTORIOUS.

The Toronto Argonauts won this morning's game at the St. Catharines regatta.

BURGERS ARE BUSY.

Burgers visited Rainy River, Saskatchewan Co. office and the sale was cracked.

STRATHONA WINS.

The Strathona, the Canadian cup boat with the first heat at the Toronto yacht races.

ANTICIPATE DECLINE IN PRICE OF CATTLE.

In a Winnipeg interview Mr. J. T. Gordon announced that cattle prices would go down.

WESTERN PRESS EXCURSION.

The Western press excursion party reached the "Rock" and report a fine time on ship-board.

GRAIN QUOTATIONS.

Fort William, wheat No. 1 hard, spot, \$1.44 cents a bushel.
Winnipeg, oats No. 2 white, 30 cents a bushel.

WEATHER PROS.

Showers and local thunderstorms were reported in many parts of Manitoba yesterday but seemingly there were very heavy rains in the Territories. The showers which occurred were widely scattered. Calgary reports an excessive rainfall of almost three inches, accompanied by thunder storms and no rains of importance were elsewhere recorded. The outlook for Manitoba and the Territories is fine although it is possible that a few more local thunder storms may occur in southern Alberta and Western Saskatchewan. Temperature changes will be unimportant.

EDMONTON MARKETS.

Butter—Butter is very plentiful at from 12 1/2 to 15 cents a pound.
Eggs—Eggs continue very scarce as the demand is very great. Twenty cents a dozen is offered.
Potatoes—New potatoes are being brought in in large quantities. Sixty-five cents a bushel is paid.
Hides—No export steers are offering. Hides, cattle are being bought by the head.
Hogs—The demand continues strong for hogs at from five to five and three-quarter cents a pound.
Poultry—Spring chickens bring 12 1/2 cents a pound, dressed.
Hay—A considerable amount of hay is delivered at from six to ten dollars a ton.
Cattle—Out deliveries are very light. Twenty-five to twenty-eight cents a bushel is paid.
Walter Gater arrived Saturday morning from Carleton Place, Iowa, to look up his interests in the Vermilion river district. He has 6,000 acres of land there, and is surprised at the progress of the country since his former visit two years ago.

LOCAL.

—Train left Red Deer on time.
—The Fort Saskatchewan telephone is working order now.

—Popular Lake football team plays Turnip Lake at Belmont picnic next Friday.

—One hundred homestead entries were made at the Red Deer land office in July.

—L. O. L. No. 1794 meets to-night in Hiram's hall. All members are requested to be present.

—A rain coat was found on Namogo avenue and left at the police station for the owner to claim.

—Fifty homestead entries were made at the government land office at Fort Saskatchewan during July.

—O. A. Butterfield, of the Red Deer Advocate, and one of Red Deer's best baseball men, has left for Seattle, Wash., where he will live in future.

—Ground has been broken at Dawson, Yukon, for the Dawson Carnegie library. The plans submitted for the building have been accepted. The structure will cost \$15,000.

—Fort Saskatchewan Reporter.—The English journalist who visited the Fort on Thursday, was "ticked" with the specimens of Saskatchewan gold shown them, so they invaded the Union Bank and purchased nearly all the pieces they had.

—Calgary citizens recently passed a by-law which the council submitted to them, and now "stick" in refusing it. A hospital by-law was recently introduced in Winnipeg and although it did not meet with any adverse criticism, was defeated at the polls. Trouble with by-laws seems to be prevalent.

—Ponoka Herald.—A new post office, known as Wood River, was established at Fred Bullock's place, southeast of town, last week. The establishing of the office was a surprise to a large percentage of the public as very little has been said of the office. It is a great convenience and one badly needed by a large settlement.

—The largest herd of buffalo in the world is said to roam the plains in the Great Slave Lake district of Athabasca northwest of Edmonton, and is supposed to consist of fully 600 animals. This is practically the only herd of wild buffaloes in the world and even graze they are hunted by the Indian tribes of the north.

—Hiberto's good deal of sugar has been imported through British Columbia by the Territories. Vancouver people expect lower prices for the sugar of the Territories but the Territories will before long supply British Columbia with sugar.

—Mr. E. Patterson, manager of the Edmonton branch of the Brandon Marble Works, surprised his numerous friends here by returning to Edmonton Saturday evening with his bride, formerly Miss S. McCort, of Brandon. We join with Mr. Patterson's wide circle of friends in wishing the young couple much happiness.

—Sergeant Major Schoof gave a very interesting and instructive address to the large and appreciative congregation in the Presbyterian church last night. His lectures on the Anglo-Saxon and the South African situation, to be given tonight in the same place, will no doubt be well worth the hearing and should be well patronized.

—Free Lance.—Immoral has received tangible proof of the progress made in the laying of the Bell Telephone Company's long distance line between Calgary and Edmonton in the form of a carload of poles. Work is being rapidly pushed forward by gangs of men working both from the north and south. The north gang is now working near Red Deer and will be here shortly.

—Mr. Alex. C. Dempsey, late of Rossland, the popular proprietor of the Bon Ton fruit store, took a trip to Leduc Saturday and returned Sunday evening with his bride, formerly Miss Eva Hering, of Rossland, B. C. Miss Hering arrived in Leduc from Rossland on Saturday afternoon, where she was met by Mr. Dempsey and the couple were married by the Rev. Mr. Scriver. The best wishes of the community are extended to Mr. and Mrs. Dempsey on taking up their residence in Edmonton.

PERSONAL.

Geo. E. Greig, of Vermilion River, arrived in Edmonton yesterday.

Colin Fraser arrived in Edmonton yesterday from the far north.

A. W. M. Campbell, of Fort Saskatchewan, has returned from a holiday trip to the east.

Miss G. B. Sutherland, of Clearwater school near Leduc is visiting her friend Miss J. Little, Edmonton, this week.

Chas. Hazen left this morning for Red Deer, where he goes into partnership with one of his friends in the hardware business. Charlie is deservedly popular among Edmonton young people and the best of good wishes follow him to Red Deer.

MARRIAGES.

BERTHAUME-SMITH. — On Saturday, August 8th, 1903, by the Rev. Mr. Ferguson, of Strathcona, at the residence of the groom's mother, Mr. Frank Berthaume to Miss Lydia Smith, both of Leduc.

PATTERSON-MCCORT. — AT Brandon, on Wednesday, August 5th, by the Rev. Mr. Harding, Mr. E. Patterson, of Edmonton, to Miss S. McCort, of Brandon.

DIMPSEY-HERING. — At Leduc, on Sunday, August 9th, by the Rev. Jno. Scott, Mr. Alex. C. Dempsey, of Edmonton, to Miss Eva Hering, of Rossland, B. C.

J. T. BLOWEY

18 STYLES OF OFFICE AND HOME DESKS. Our Office Desks include all the practical features of a business man's desk, at prices that mean business also. Our home desks are perfect, economical spaces and still giving a large writing bed.

Typewriter desks, tilting and arm chairs, we have them all. We buy for two large stores, buy for spot cash, and will make it pay you to buy here.

THE BRITISH JOURNALISTS

The British journalists have come and gone. Their arrival at Edmonton was eagerly looked forward to—their departure sincerely regretted. Seldom has it been our lot to entertain more interesting people. They were delighted with everything and it was no superficial pleasure they exhibited, nor did they merely strive to show their pleasure to please their hosts. Their good spirits were spontaneous. They were a direct result of the unique and abundant natural beauties and natural resources of Edmonton and district. Their trip to Fort Saskatchewan on the river by launch was especially spoken of in glowing words of praise. The miners at work digging the coal out of the river bank gave the party a slight indication of the abundant coal deposits in the Edmonton district. The representative of the London Graphic got an especially fine photograph of the miners loading coal onto scows. The drive back to Edmonton from the Fort showed the editors what Northern Alberta could do in the way of growing grain. The crops are magnificent, away ahead of the grain in Manitoba, Assiniboia and Southern Alberta. This is the unprejudiced opinion of the journalists and they are in a good position to judge after coming thus far on their Canadian tour. As a future metropolitan, Edmonton, in their opinion, stands pre-eminent among all the towns and cities of Western Canada. They frankly confessed that as old countrymen, Southern Alberta, Assiniboia and Manitoba did not appeal to them. There was too much uniformity—the aspect of the country grew monotonous and there was a total absence of anything inspiring. They spoke highly of the trip along the Calgary & Edmonton branch and the Prince Albert branch. Their trip will doubtless mean a great deal to western Canada. We have the natural resources. What is want-

ed is the capital to develop those resources. The journalists in reporting as their newspapers in England, Ireland and Scotland, will bring our latent resources more and more to the attention of British capitalists. And more than this, from their actual visit they will be able to speak authoritatively on Western Canada and Eastern Canada as well.

EDMONTON RIFLE ASSOCIATION

The regular weekly practice of the Edmonton Rifle Association took place on Saturday afternoon and two fair scores were made.

Had it not been for a haze of the light about 5.30 to 6.30 a.m., which proved rather baffling at times, even better would have been done.

The following were top scores:—
G. A. Reid 34 27 24—85
A. Cameron 26 33 25—84
Several members had to return to town early and did not complete the three ranges.

Several members are improving very much at the short range by steady coaching, and it is proposed to allow the secretary an assistant to look after scoring, thus leaving him and other members of the association free to coach the novices.

As class firing will begin ere long, all members are requested to be at practice as regularly as possible.

Some wantonly disposed persons, lads, it is supposed, have been meddling with the targets and paints to such an extent that serious inconvenience has ensued and time and expense will be required to replace damaged targets. Any persons found meddling, or to have been meddling, with the property of the association, will be prosecuted. "A word to the wise is sufficient."

The postponed matches of the Territorial association take place from 1st to 4th of September and it is hoped the local association will be able to send a representative team.

HOTEL ARRIVALS

Saturday and Sunday.

Windsor.—W. S. King, M. Whitney, A. E. Carmichael, J. S. Abell, Winnipeg; E. G. Bedington, J. Stephen Agar, Toronto; G. M. Newton, J. S. N. Dugan, Montreal; G. R. Green, Victoria; S. W. Cramm, Great Falls; B. A. Dunn, Calgary; Geo. Suler and wife, Pretoria, Ill.

The Store will be open as usual, as the Taking of Stock has been postponed until a later date.

REVILLON FRERES.

Laggan to Edmonton
Calgary Herald.
Tom Wilson, the well known mountain guide, arrived in the city from Edmonton last night after making a novel trip, and registered at the Alberta.

Two weeks ago Monday with a boatman, Mr. Wilson started from Laggan north across the mountains. After travelling about sixty miles the Saskatchewan river was reached. A folding canvas boat was launched and Mr. Wilson and his man commenced a 400 mile trip down the river. The passage was accomplished without accident. There were quite a number of rapids, but by using ropes the two men were not forced to make a portage.

Mr. Wilson said that the trip was a fine one. He was sure no one had ever made the same trip before, but was of the opinion the route would be used by tourists of the future. Most of the way the country was timbered with small stuff—spruce, cottonwood, etc. Mr. Wilson thinks the Saskatchewan is navigable from Edmonton to the old Mountain house, 300 miles up, which was built by the Hudson's Bay company in 1802. The chimneys of the old fort are still standing and Mr. Wilson got several snap shots of the deserted fort.

Trouble Long Drawn Out
Victoria, B. C., Aug. 3.—W. C. Deering, of Chicago, who arrived from the Orient by the steamer Tacoma, in an interview given to a local paper, says that although the people of the United States may not be aware of the fact, Filipino insurgents on the islands are organizing and drilling and the trouble there is far from over. He says filibusters are continually landing arms on the island coasts and the patrol is looked upon as a farce, the schooners laden with contraband having no difficulty in running their cargo through. He also says that many deserters from the United States army and stricken down British and European soldiers are in the rebel service.

ALBERTA LIVE STOCK

A Winnipeg exchange in a recent issue, contained some fine half-toned cuts of prize-winners at the Edmonton Industrial exhibition. Accompanying these illustrations were the following paragraphs:—
"On another page of this issue may be seen a photograph of a prize-winning herd of Herefords, owned by Jos. Tough, Edmonton, Alta. The herd bull is 'The General,' 1438, sire Valerine, and dam Constance Wilton. He is an animal of rare good quality, being

smooth and well quartered, with an even coating of firm flesh. One of the noteworthy females is Maple Sugar 915, bred by Sir D. A. Smith, sire Wilton Hillhurst, dam Phillus. Another good one is Miss Glenwood 2nd 2044, sire Ingleside 2nd, dam Lucy May, by Senator. A two-year-old, of almost ideal Hereford conformation, is Gertrude 2039, of Spotless of Ingleside, dam Danson of Poplar Grove. Mr. Tough had also on exhibition a beautiful ten months old calf, bred by himself, sired by Dunsmore Ingleside, dam Mermaid. Two grand cows have recently been added to the herd from the Smith herd, Compton, Que. It was intended that these would have been on hand in time for the show, but unfortunately the car from the east only arrived as the exhibition was closing.

"The photograph of Mr. P. Talbot & Son's cattle, to be found on another page of this issue, shows a number of one of the very best herds of Short-horns to be found in Western Canada. At its head stands Royal Macgregor, an animal of rare good quality, and one that would stand a lot of beating in any show-ring. He was bred by Cargill & Sons, Cargill, Ont., sire Royal Member (Imp), dam Rosa Lee. Among the females is Collier Blossom 2nd, the first-prize cow over four years at Edmonton. She is a typical Short-horn in general conformation, and received her honors at the Northern Show amid very strong competition. Her sire was Goldsmith and dam Collier Blossom. The first-prize two-year-old at the same show was Collier Blossom 4th, a full sister to the last one, and one that gives promise of developing into a cow of rare good quality. A yearling of more than ordinary merit was Pearl, by David, dam Flora, by Royal Sailor. This splendid herd from the rich grazing lands of Lacombe, Alta., was represented by seven head at Edmonton exhibition, and any one of them would be a credit to any show-ring in this country."

TO BE SOLD.

A large and flourishing general store in the town of Wetaskiwin, in which a considerable wholesale and retail business is being carried on.

ALSO

a general store in the country about twenty miles from Wetaskiwin, doing a large retail business. Stock to be taken at a valuation.

STRATHCONA

Flaundeler.

The C.P.R. are about to erect new stock yards at Strathcona. A gang of the company's carpenters is now working up the line in this direction at that class of work.

The C. P. R. engineers, when they completed their survey through the Beaver Hills as far as the Coffer farm, seven miles east of town, found themselves 200 feet above the level of Strathcona. In order to secure an easy grade they had to make a circuit south and struck the C. & E. line three and a half miles south of Strathcona. The course of the line east from here will not be determined until the reports of all the trial surveys have been made to the chief engineers.

Brakeman McDonald suffered a painful accident in the C. P. R. yards yesterday. He had one hand jammed between couplers. Dr. Archibald was called and dressed the wounded member. The unfortunate man was taken to the hospital. He will lose one finger, perhaps two, and a part of the hand.

Miss Lulu Hulbert is the happy winner of the Rutherford prize in the schools competition, having obtained the highest number of marks of any pupil in the electoral district of Strathcona in the public school leaving examination. The prize consists of \$20 worth of books, to be selected by the winner. Miss Lulu is to be congratulated upon her success. She is one of the youngest students who wrote on the examinations this summer. Mr. Rutherford proposes to offer a similar prize for the same accomplishment next year.

STRATHCONA'S NEW TEACHERS

Flaundeler.

The Strathcona public school board have just engaged three new teachers to fill the vacancies created by recent resignations. The position of second teacher in the high school lately vacated by Mr. J. F. Bryant, B.A., will be filled by Mr. F. H. Dobson, B.A., of Cheltenham, Ont., a graduate of Toronto University and of the Normal college at Hamilton, Ontario.

Mr. McEachern's place as third teacher will be taken by Mr. W. E. Hay, of Listowel, Ont.

Miss Wilson, of Ridgeway, Ontario, will succeed Miss Stewart in the first primary in the Niblock street school. It is probable that another teacher will be required the coming term, but no appointment will be made until after the opening on the 17th inst.

STONY PLAIN

Editor Bulletin.

Mr. Blair's action and attitude, for reasons solely on the C. P. R. problem, is surprising to intelligent people of the west. It is obvious to all that Mr. Blair cannot have any conception of the great possibilities of the west or otherwise has not the interests of the Dominion at heart in wavering and throwing up his friends at the very moment when his services were most needed.

After the Grand Trunk Pacific question is settled the next important matter is to have steamboat services on the Atlantic and the Pacific oceans in readiness for the completion of the road, as the day is near at hand when a loaded train will arrive at each port every thirty minutes. When the great westward area of the west will be cultivated from Winnipeg to the Rockies and other large sections on the coast, the immense glades and valleys dotted with cattle, horses, sheep and hogs, and the unlimited mineral wealth of the mountains is fully worked; when room and homes are provided for twenty millions of happy and prosperous people, then will Canada come to its own.

There is no wonder it is proclaimed by all who are conversant with these facts that it is insanity and pure kicking against the pricks to prolong or delay the construction of such a road. The excuses are very weak in the extreme that Mr. Blair gives for his untimely flop, first, for paralleling the A. C. R. second, not being consulted at an early date, lastly, daily-dailying for a government road. If Mr. Blair had the statesmanship he pretends or is credited with, why did he not bring a billion during the past long seven years, or even backed up clever and energetic members such as Mr. McLean, who ardently advocated for the same. It is plain to all as the contract signed now, the government has all control over the road, but in its working, which is a wise and judicious plan. If such a road were worked by the government and all members got their quota of officers in positions, it would be nothing short of a bungling bungler. Thanks to Sir Wilfrid Laurier for his tenacity and firmness in urging the bill through, as it can be well remembered by his admirers at Edmonton that during his speech he emphatically stated that it was his aim and ambition of life to put a transcontinental railway through the great Saskatchewan Valley. So now he has done his part fully and well. Further, if a people of Canada understood thoroughly the situation and comprehended things as they really stand, all would say that done good and worthy servant, and in unanimous voice would ring from the Atlantic to the Pacific for Sir Wilfrid. The great country it will open, the enormous work it will create, no pen can describe and any mind realize.

Yours Truly,
MALCOLM MCKINLEY.

EGG LAKE

Mr. and Mrs. N. E. Logan returned last Friday from Winnipeg. While there they had the pleasure of meeting many of their relatives and friends whom they had not seen for over twenty years.

J. Beaulieu has moved over from the other side of the lake with his family to Octave Savard's old place, at present owned by Geo. Clavaud, of St. Albert.

On the occasion of Father Simonin's last visit to Egg Lake he made formal entry of the arrival of a new settler in the district by christening Alex. Savard's baby daughter.

On the Monday following the priest's visit, a party of workmen under his direction, built a fence around the cemetery and brushed out a site for the church which is going to be built there in considerable proportion, however, to the building of a church on the site proposed. The land chosen is surrounded on three sides by a chain of sloughs and lakes and on the other side the only approach is through the fields of two or three of the settlers.

It remains to be seen whether these people will build gates and allow a public highway through their fields, with the inevitable result of broken fences, crop destroyed by cattle, and small thanks from anyone benefited. The distances travelled to get to church will also be ridiculous, considering the actual distance of some of the parishioners from the church. For instance, one man who lives two miles away, must make a detour of over four miles; another whose house is about a mile and a half from the site proposed must go around eight or nine miles to get there.

Egg Lake school reopened on Wednesday, August 5th. The trustees have caused much-needed repairs to be made to the schoolhouse, and are furnishing it with several new patent desks and a first-class new blackboard. Mr. T. J. Dwyer, whose engagement expires August 15th, has been re-engaged for his third year as teacher.

In connection with school matters it is to be noted that the government has allowed the assessment of C.P.R. lands to stand this year, though it was marked off as non-assessable last year. This looks as if an effort were to be made to collect taxes on the company's land. Let us hope that such is the case and that the effort may be attended with success.

Aug. 6th 1903.

HAZLEWOOD DAIRY COMPANY
